To Whom It May Concern:

I have had the pleasure of working with Desert Lifeguard Management at numerous events at the Silverton Casino Hotel. Desert Lifeguard Management has proven to be very professional under all circumstances and has provided excellent services during our partnership. Prior to all events, the company has demonstrated clear communication and effecting planning skills. The certified lifeguards are always timely and courteous to Silverton Team Members and guests alike.

Desert Lifeguard Management continues to exceed Silverton's expectations, and I strongly recommend them as a prospective lifeguard company.

Sincerely,

Tanya Morgan
Director of Entertainment & Special Events
