To Whom it May Concern:

During the Life is Beautiful music festival in Las Vegas we had the pleasure to work with Tait and Desert Lifeguard Management as they provided lifeguard and certified pool operator services for our slide that we brought to the event. Both Tait and Mike were extremely knowledgeable and instrumental in getting our water filtration set up and were professional and courteous in their duties as lifeguards.

If we are ever back in the Las Vegas area we would not hesitate to hire Desert Lifeguard Management once again. I highly recommend them to any company looking to hire lifeguards or certified pool operators!

Sincerely,

Ty Kidman
